## Sodium Hexametaphosphate(SHMP)

| Items  | Specification |
|--|---------------|
| Total phosphate as P <sub>2</sub> O <sub>5</sub> | 68.0%         |
| PH (1% solution)                                 | 5.8-7.3       |
| Solubility                                       | Conformity    |
| Average degree of polymerization n               | 10-16         |
| Whiteness%≥                                      | 90            |
